

VK8K SERIES VIDEOKIT

The VK8K series videokits offers a number of new operating features and allows greater flexibility for installation.

- Up to 4 outdoor stations with 2 call push buttons calling 2 independent apartments;
- Up to 3 peripheral devices connected in parallel to each videophone (additional videophone, extension sounder, telephone handset etc.);
- Recall (selective entrance recall on systems with 2 or more outdoor stations);
- Intercommunication between internal videophones;
- Local call tone which is different from the external push button call tone;
- Videophone incorporates "Privacy" On/Off facility (with either latched or timed activation of privacy);
- Programmable Call, conversation and door opening times;
- Dry relay contacts for electric lock;
- Power supply can be connected to the videophone or the outdoor station.
